GOODWIN FINANCIAL SERVICES

Version: 8.0

Date prepared: Friday, 28 February 2020

This Financial Services and Credit Guide (FSCG) contains information that will help you decide whether to use the financial services we offer. It sets out:

- who we are and how we can be contacted
- the advice and services we provide
- information about our licensee Charter Financial Planning Limited (Charter)
- our fees and how we, your adviser and Charter, are paid in connection with those services
- how we manage your private information
- how you can complain about a matter relating to us or Charter

Documents you may receive

We will provide you with a number of documents as you progress through our financial planning process to capture each stage of your advice journey. We may provide these documents to you electronically to your nominated email address, unless otherwise agreed.

When we provide personal advice it will normally be documented and provided to you in a Statement of Advice (SOA), known as a financial plan. The financial plan contains a summary of your goals and the strategies and any financial products we may recommend to achieve your goals. It also provides you with detailed information about product costs and the fees and other benefits we and others will receive, as a result of the advice we have provided.

If we provide further personal advice a financial plan may not be required. We will keep a record of any further personal advice we provide you for seven years. You may request a copy of such records by contacting our office during that period.

If we recommend or arrange a financial product for you we will provide a product disclosure statement (PDS) or investor directed portfolio service (IDPS) guide where relevant. These documents contain the key features of the recommended product, such as its benefits and risks as well as the costs you will pay the product provider to professionally manage that product.

You should read any warnings contained in your advice document, the PDS or IDPS guide carefully before making any decision relating to a financial strategy or product.

A copy of the approved products and services list can be supplied to you upon request.

If we recommend a new platform or portfolio administration service, we use those approved by Charter.

As at January 2020, the lenders whose products are most commonly recommended by Accredited Mortgage Consultants authorised by Charter are CBA, ANZ, Bankwest, AFG Home Loans, ING and Bank of Melbourne.

Tax implications of our advice

Under the Tax Agent Services Act 2009, Goodwin Financial Services is authorised by the Tax Practitioners Board to provide tax (financial) advice services on matters that are directly related to the nature of the financial planning advice provided to you. We will not consider any other tax matters in our advice to you. Where tax implications are discussed they are incidental to our recommendations and only included as an illustration to help you decide whether to implement our advice.

Transaction services

We can arrange to complete transactions for you on limited types of financial products where we can take your instructions and arrange for the transaction to be completed, without providing personal advice. If you wish to proceed without our advice, we will ask you to confirm your instructions, which will be documented in writing. We will keep a record of this documentation for seven years. You may request a copy of such records by contacting our office during that period.

Your relationship with us and using our services

You can contact us directly with any instructions relating to your financial products. This includes giving us instructions by telephone, mail or email. We can only accept your instructions via email once you have signed an authority form.

We will work with you to agree what advice and services we will provide and when and how often we will provide them.

Where you agree to annual advice and services, the details will be documented and provided to you in an advice or service agreement. This includes the frequency of contact between us, service standards that may apply, any fee arrangements and how the agreement can be terminated.

If at any time you wish to terminate your relationship with us, please contact us using the details shown in this guide.

Providing information to us

It is important that we understand your circumstances and goals, so that we can provide you with appropriate advice and services. You have the right not to provide us with any personal information. Should you choose to withhold information, or if information you provide is incomplete or inaccurate the advice or services we provide you may not be appropriate for you.

It is also important that you keep us up to date by informing us of any changes to your circumstances so we are able to determine if our advice continues to be appropriate.

Our fees

The actual fee charged to you will depend on the nature of the advice or service we provide. We will discuss and agree the actual fees with you before we proceed. The following section outlines the types of fees that may apply.

The fees charged for our advice and services may be based on a combination of:

- A set dollar amount; or
- A percentage based fee.

Our agreed advice and service fees may include charges for:

- Initial advice;
- Ongoing or annual advice and services.

Please note that for services in relation to insurance, banking deposit products, some loan products and older investment products, commissions may be paid by the product provider as follows:

- Initial commission - a percentage of the value of your investment contributions; and
- Ongoing commission - a percentage of the value of your investment balance, usually calculated at the end of each month in which you hold the investment.

Payment methods

We offer you the following payment options for payment of our advice fees:

- BPAY, direct debit (savings), credit card or cheque; and
- Deduction from your investment.

All fees and commissions will be paid directly to Charter as the licensee. They retain an amount (a licensee fee) to cover their licensee costs and the balance is passed on to us. The amount is determined annually, based on a number of factors, including our business revenue and the number of advisers in the practice.

For more information on our services, please see our **Schedule of fees** attached or available on request.

Other costs

Where other costs are incurred in the process of providing our advice and services to you, you will be liable for these costs. However, we will agree all additional costs with you prior to incurring them.

Other benefits we may receive

The following is a list of benefits we may receive other than those explained above. These are not additional costs to you. These benefits may be monetary or things like training, events or incentives we are eligible for.

In addition to the payments we may receive for my advice and services, we may receive other support services from the licensee. We may also be eligible to receive financial including financing, technology and training assistance, prizes and awards or events in recognition of financial planning excellence and innovation including if we qualify under the licensee's excellence program, and business performance or for business operational costs. These benefits are paid either at the licensee's discretion or depending on meeting certain qualifying criteria including the quality of my services, business goals and ranking against other practices in Charter. The amounts are set by the licensee from time to time (usually on an annual basis). We may also participate in business lunches or receive corporate promotional merchandise tickets to sporting or cultural events and other similar items.

Development, management and advice (DMA) run off payments

Eligibility to receive DMA run off payments is dependent on us continuing to be authorised by and meeting standards set by Charter. From 31 January 2020 we will be eligible to receive run-off payments based on the amount of advice revenue we generated in 2018. Advice revenue includes revenue directly attributable to advice provided to a client for an agreed fee. It excludes commissions from investment, insurance and banking products. These payments are to assist with our cashflow over 3 years as set out in the table below. Run-off payments will not be made after December 2022.

Year	Total annual amount (payable over 2 instalments)
2020	\$212,850.00
2021	\$141,900.00
2022	\$70,950.00

Transition Support Payments (TSP)

The TSP payments we are to receive provide us with transitional cash flow support as we are no longer eligible to receive value participation scheme (VPS) payments. The TSP amounts are derived from a crystallised base that was unique for our practice.

Year	Annual TSP amount
2020	\$157,320.90
2021	\$209,761.20
2022	\$104,880.60

Certified quality advice program

On meeting eligibility criteria and gaining access into the program, we may become eligible for discounts on licensee fees, a 10% increase in purchase price under the buyout option and a 10% increase in DMA payment should we qualify. Eligibility is assessed on professional operations and processes, high quality advice standards and education.

Buyout option

If we leave the financial services industry, we are eligible to sell the register rights of our client base to Charter Financial Planning Limited. The valuation of these rights is based on a multiple of the annual financial planning revenue generated by our practice.

Personal and professional development

Charter provides personal and professional development opportunities in the form of education and professional development programs, offered annually to qualifying practices.

Charter Leaders program

Each year, practices that meet particular criteria may be awarded entry into the Charter Leaders program. The criteria is based on a combination of factors including the quality of services, business goals and rankings against other practices in Charter. The Charter Leaders program provides access to personal and professional development courses organised by Charter. Charter may subsidise the cost of these courses up to amounts as determined by Charter from time to time.

Business support

We might receive financial and non-financial assistance from the licensee including financing or subsidies or reimbursements for accounting, legal and bank fees or technology support; marketing, badging rights, or other once-off transitional support costs, to help us grow our business or implement appropriate succession planning options.

Provided we meet specific qualification criteria Charter will support the practice with up to \$3,750 per authorised representative to meet the training and education requirements for financial advisers as required by Financial Adviser Standards and Ethics Authority. Any support provided by Charter is paid directly to the education provider and not to us.

Para-planning costs subsidy

We may be eligible for a subsidy from AMP in relation to paraplaning costs, depending on the number of paraplaning requests that we make in a particular month. If our practice submits a minimum of 5 paraplaning requests per eligible authorised representative in our practice, we receive a discount of up to 25% in relation to these costs. For example, if the total cost of 5 SOAs is \$1,000 we will receive a discount of up to \$250 ($25\% \times \$1,000 = \250) and pay a discounted fee of minimum \$750.

Placement fees

From time to time Charter will receive fees from brokers or product issuers (including AMP group companies) for arranging client participation in Initial Public Offerings (IPOs) of financial products. The fee, which is generally a percentage of the fee paid to the broker, varies from offer to offer and by the level of participation by Charter. We may share in this fee based on the level of participation by our clients.

Relationships and associations

It is important that you are aware of the relationships that Charter has with providers of financial services and products as they could be seen to influence the advice you receive.

Schedule of fees

These prices should be used as a guide only. We will discuss your individual needs and agree our fees with you. The actual agreed fees will depend on factors such as the complexity of your circumstances and goals and the scope of the advice.

Initial meeting/consultation

Our first meeting with you provides us the opportunity to get to know you and we are happy to meet for up to one hour to ascertain if we can be of assistance to you. It should be noted that **no** fee is charged for this meeting as Goodwin Financial Services covers the cost of this meeting for you.

Plan Preparation Fee

If we agree that advice is required, a fee will be agreed with you prior to us preparing your Statement of Advice.

- The fee for research and preparation of your Advice document will be determined and confirmed to you at the conclusion of our initial meeting. This will be dependent upon the level of complexity and advice required.

The fee will be determined on the hours it has taken to research and produce the Statement of Advice, plus the time to present the advice to you.

Please note that a minimum plan fee of \$1,650 inclusive of GST applies.

Before providing you with advice we will prepare an Initial Advice Agreement. The Initial Advice Agreement sets out what our advice will cover and how much it will cost you.

The initial advice fee will also be disclosed in your Statement of Advice.

Advice implementation

The costs of implementing the agreed strategies and advice covers the administrative time spent including:-

- preparation and completion of documentation with you
- lodgement of the documentation to relevant parties
- monitor the process to ensure that all actions are correctly actioned for you.

This fee may be incorporated with the Plan Preparation fee. If the implementation is complex or outside the scope of the initial advice, an additional fee may be charged. This fee will be disclosed in the Initial Advice Agreement and the Statement of Advice which will be discussed with you.

Annual service fees

An annual advice agreement will set out the advice and services we will provide, the frequency these will be delivered, how much it will cost, your payment method and how the service can be terminated.

The fee covers the cost to review the strategies and the products recommended in your Statement of Advice. It may be charged as a set dollar amount or a percentage of your investments. The amount of fees will depend on the service offering and these will be provided in a separate advice or services agreement.

Annual advice fees may increase each year in line with the Consumer Price Index (CPI) or by a fixed amount or fixed percentage each year. We will advise you if this fee will increase as a result of CPI.

The annual advice fee will be disclosed in your Statement of Advice. This may be an Asset Based Fee or Fixed Fee, depending on which is more appropriate for your situation.

- *Asset Based Fees*: The ongoing fee ranges between 0.66% and 1.10% incl. GST per annum of the portfolio under advice
- or
- *Fixed Fees*: The minimum Fixed Fee is \$2,200 p.a. inclusive of GST.

For gearing and margin lending advice a minimum Fixed advice fee of \$2,200p.a. inclusive of GST will be charged.

Our annual advice fees ensures your strategy and products are reviewed to help you take advantage of opportunities as they become available.

If, during our assessment of your ongoing needs, we identify that you require ongoing advice outside of our standard advice offer, our advice fee will change. In this case, we will provide you with a quote of what you will be required to pay to receive these services.

Additional advice

For all other advice, an additional advice fee may be charged based on a set dollar amount at an hourly rate of \$220 inclusive of GST. Any additional advice fee will be disclosed in your Statement of Advice.

Commissions

We do not receive commissions on investments through new superannuation, managed funds or retirement products. However, some products, particularly older products, may attract commissions.

Investments

For investments, we receive Up to 4.95% of initial commission on all contributions made to the investment. Up to 0.7% of ongoing commission on investment each year.

For example: If you made an investment of \$10,000, we would receive up to \$495.00 initially and \$70.00pa.

Insurance

For advice in relation to insurance (including those held within superannuation), we receive payments from the insurance provider, which are factored into the annual premium. These may range from:

- Up to 66% of the first year's premium for new policies implemented from 1 January 2020.
- We may receive up to 77% of the first year's premium for new policies implemented between 1 January 2019 and 31 December 2019.
- An ongoing commission Up to 33% of the insurance premium each following year.
- We may receive commissions on increases or additions to existing policies of up to 77%.
- This covers the cost of insurance implementation which can involve medical reports, doctor follow up/appointments, test and advice relating to insurance only.

For example: On insurance policies implemented from 1 January 2020, if your insurance premium was \$1,000, we would receive an initial commission of up to \$660. We would receive an ongoing commission of up to \$330 pa.

Please note that for services in relation to banking deposit products and some loan products, commissions may be paid by the product provider as follows:

- Initial commission - a percentage of the value of your investment contributions, and
- Ongoing commission - a percentage of the value of your investment balance, usually calculated at the end of each month in which you hold the investment.

All applicable fees, commissions and/or brokerage will also be fully detailed in the Statement of Advice you receive. All fees disclosed are inclusive of Goods and Services Tax.
